

**Heavy duty three-phase industrial vacuum cleaner suitable for mobile services or fixed central vacuum systems.**

High filtration efficiency , filter efficiency detector, integrated filter cleaning system.

Maintenance free motor suitable for continuous duty 24/7 work.

Large capacity detachable container.

Forklift intakes for easy transport.

Possibility to vacuum dust, solid material, liquids at the same time.

Extremely silent.

TECHNICAL DATA		MHD100
Voltage	V - Hz	400 - 60 3~
Power	kW	7,5
Water Lift max.	in.H <sub>2</sub> O	177
Continous Waterlift	in.H <sub>2</sub> O	126
Air Flow max.	cfm	441
Filter surface	in <sup>2</sup>	10,850
Filter type		Star
Ø filter	in	22
Media, class (IEC 60335-2-69) <sup>2</sup>		Polyester - L
Tank capacity	Gallon	42
Ø Suction inlet	in	4.7
Noise level (EN ISO 3744)	dB(A)	74
Dimensions	in	64x30x79 H
Weight	lbs	732
